

# \$230,000 TREASURE ISLAND HOT SEATS

## Official Rules

Every Wednesday in January from 5pm – 9pm exceptions may be made for guests on a case by case basis.

These are hot seat style drawings. All eligible guests need to have earned a minimum of 30 base points on the machine they are currently at during drawing time. All guests who earn the points and are actively playing with their player's club card will be eligible.

Guests will randomly be drawn during the hours of the promotion. They may be drawn at any time. Each guest who wins will choose a prize from our promotion display to win a prize.

Once verified by two team members, the names of the winners will be confirmed, and the winners may be announced.

Guests may win one time per promotion, per week.

We will continue to draw until we have the designated number of winners.

Must be present to win.

All Standard Promotional Rules posted at Premiere Club apply.

Cash prizes must be claimed at the cage by 11:59pm the day of the drawing. Time

If a guest is physically unable to participate in the promotion physically, they will be able to appoint someone of their choice, which is not a TPCR team member, to take their place in the promotion. The winner drawn will still be awarded the prize.

Guests may be notified at their slot machine if they have won. A team member can go out to them to have them and either verify the win and escort them to the promotional area or have them pick a prize at their seat. If the winner is no longer at that current spot of play their name will be announced as the winner and they will have five (5) minutes to come up to the promotional area and pick their prize. If they do not respond within the five (5) minutes a new name will be drawn. Guests may also be drawn and announced to come up to the promotional area to claim their prize. If the hot seat system goes down drawings may be delayed up to one (1) hour to correct the system error. If the drawing is delayed by more than one hour than a list of eligible patrons may be extracted from the player tracking system and a random number generator will be used to choose a winner.
